

# Driver License Mega Centers A Faster Alternative

## Looking for a faster alternative?

The new 24,000 square foot driver license Mega Center offices are the largest driver license facilities in the state. Each center features automated testing stations, self-serve kiosks, state-of-the-art technology, a full staff of employees and plenty of parking.

## Get In Line Before You Go Technology

Our new queuing system allows you to get in line virtually before you go to an office using your text-enabled cell phone. **We'll text you when your spot in line approaches.** Until then, have lunch or take care of errands. The queuing system will let you know when it is time to head to the driver license office. **Need more time?** No problem! The system will even allow you to push your time back to fit your schedule.

## Schedule a Driving Test Online

For your convenience, you can even schedule a driving test online at one of the Mega Centers or one of many other offices.

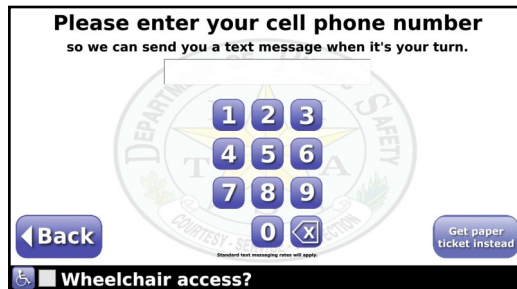

**Mega Centers**  
*Creating a better driver license experience.*

# Do not text and drive!

## Additional Commands

If you chose to receive text notifications, you can use these commands to manage your place in line:

- S – Status update
- L – Leave the queue
- M# – Request # minutes additional time
- W – Switch to voice call updates
- N# – Notify me # minutes before my turn

Get in line before you go to an office:
